

# Glee Club Show Order and Announcements

## Shenandoah

Good evening. We are the Homeschool Glee Club, and we're so glad you've joined us tonight. Our first number, *Shenandoah*, is one of the most-beloved American folks songs. And we'd like to sing for you now one of the all-time favorite folk songs from Great Britain. It's called *Early One Morning*.

## Early One Morning

Our next number is from the Vaudeville era of American musical theater. It's entitled *We'll Build a Bungalow*. It's in two sections, and after we've gone through each part, we'll sing them together at the same time, where the words at that point are anybody's guess!

## Bungalow

We'd like to sing you a song now that was written by Mr. Pelham. It's about how we can get through the negative feelings we sometimes feel, rather than running away from them. You'll hear verses about frustration, sadness, grumpiness, and embarrassment—so this song has virtually something for everybody! It's called *I'm Gonna Be All Right*.

## I'm Gonna Be All Right

*Rachel Broyles has this one memorized.*

## Five Foot Two

We'd like to end our show tonight with a song from the hit Broadway music of the 1970s called *Godspell*. The song features Mr. Pelham on the piano, Abigail Strong on the snare drum, and we've brought in some expert help from Kiersely Frasier, who, believe it or not, will keep the beat for us on that great American rhythmic instrument, the garbage can! We hope you've enjoyed our show tonight, and we leave you with **Light of the World**.

## Light of the World
